THE P. M. S. S. Co.'s steamer Ching, with mails, &c., from San Francisco to the 14th ultr., and Honolula the 21st, has arrived at Yokohama, and will leave for this port to-morrow morning.

CHIEF JUSTICE Fielding Clarke's judgment in the preliminary issues raised by the defendants In the case of Fraser-Smith v. The Stewards of the Hongkong Jockey Club, will be found fully reported in another column.

FROM a Calcutta contemporary we observe that Willard's Opera Company commenced a season at the Corinthian Theatre in that city on the 4th ulto, with a representation of Cellier's " Dorothy." There was a crowded house and the performance was most cordistly received. The company still includes, in addition to Mr. Pemberton Willard Miss Vera Patey and that clever and versatile comedian, Mr. Harry Hall.

> THE genial Bob Love writes from Manila that Harmston's Circus has been doing wonderful husiness there, performing every night to a crowded tent. The production of the great Water Pantomime fairly paralysed the natives. Fifty-eight tons of water, Mr. Love says, were thrown into the ring inside of forty-five seconds, and the entire pantomine proved an unparalished success. Mr. Haymston is an enterprising and liberal caterer for the public amusement, and as his company is a first-class one all round, he thoroughly deserves to be supported.

IT is interesting to note that cement manufacture is a paying business in Japan. The Onoda Cement Manufactory in the province of Suwo held its half yearly general meeting of sharebolders on the roth ulto., and announced a dividend of roper cent per annum. The amount of cement manufactured during the past half year was 18,539 casks. Adding to this 14,140 casks which were left over from the previous half year, the total stock amounted to 32,679 casks, of which only 12,345 cisks were sold, an that there was still about 20 000 casks left unsold at the beginning of this half-year,

As will be seen from an adverti-ement in another column, the London Lyric Company will make their first appearance before a Hongkong audience at the Theatre Royal, City Hall, on Monday week, the 13th inst. This combination is stated to number eighteen first-class artists who have recently concluded a most successfu season in India. The repertotre is both extensive and varied, and includes most of the farcical and musical comedies and so-called rage in London for the past few years. That latest stage sensation, the Serpentine Dance, has an accomplished exponent in this Company-according to Press criticisms-in the charming Miss Vivienne Dagmar, who is confidently expected to knock all the antique mashers the colony possesses so high up into the realms of ecutasy that they may never come down again. The first representation will be the farcical comedy, by Amy Steinberg (Mrs. John Douglas), "My Uncie," played with great success at Terry's Theatre, London, and will be under the patronage of his Excellency the Governor and Lady Robinson, and Major-Genera Digby Barker. The Company propose giving four performances weekly, and will probabl remain in Hongkong for a month. A plan of the Theatre is now open at Messra. Kelly and Walsh Ld., where seats may be booked.

He (learned counsel) would not go into that matter, but simply denied that the Hongkong Jockey Club was a charity within the meaning of the Statute of Elizabeth. Mr. Dennys-I have not found anything. But the Acts make it imperative that the master should grant a discharge in a particular form issued by the Board of Trade.

It ended in the disastrous defeat of the attacking pirates, who lost five mer, three shot and two killed by cutlaises, while three others were captured alive. On inspection the captives were found to have shaven heads, indicating that they were members of the priesthood. The piratical monks were given up to the authorities to be punished.

Not being willing to comply with their demand, the stranger started business, under the name of deepest ire of the other post-office people, and in a body they petitioned the officials, and thereupon a complicated litigation began. CHEFOO.

(FROM A CORRESPONDENT.)

Cheloo, February 22nd.

The nuisance of China New Year is happily over now, with all its disgusting, noisy accompaniments, so revolting to the foreign ear. The harbour was almost denuded of vessels during the late holidays, our only visitor from Shanghai being the steamship Hangchow; she happened to ship about half a cargo before the late festivities set in, but had to remain, idle while this holiday fun was going on afterwards. She Symphiden will grace our harbour, by way of gunboat arrived from Wel-hel-wei to-day.

I understand that Mr. Goodheart of the I. M Customs here has received his appointment as Acting Boat Officer for this port, in place of the late ismented Mr. Ottaway.

To return once more to the schooner Sylphiden, I hear that she was unfortunate enough to experience the late Arctic weather during her trip from Amoy here. She was eighty-five days on her passage, including a call and some stoppage at Nagasaki, where stress of weather and shortness of provisions necessitated her to call a she seems to be a smart little vessel, well suited for China and Japan waters, under ordinary circurretances. I trust she may be the forerunner of several vessels of her type, because she has been so very useful to our local trade I non-treaty posts, especially in opening up the new delta of the Yellow River, swelling the cargoes of the bigger boats, and thus increasing business generally, as a valuable adjunct and feeder of a greater similar service; her achievements therefore becoming a regular benefit all

Our bills are white with snow, again, and one of the steamers which arrived lately, reports passing through floes of floating ice between here and Alceste Island; but I must say that of late we have enjoyed fairly good ordinary winter weather. However, we are longing for the openwonder in the meantime why the authorities are to stupid as not to keep communication open with Chingking, via Port Arthur, during the winter, which could be done so easily and cheaply, and would be a much quicker way to three-quarters of a circle.

Despite the winter weather, the more or less slack business time and Chica New Year, we seem to get through dull days and the hard Club will be to the fore again on the 24th inst. hope your correspondent will not fail to render.
